

# The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JULY 3, 1909.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

## PART II.

Notifications by High Court, Comptroller General, etc.

### GAZETTE OF INDIA.

#### NOTICE.

The 18th March 1909

From the 3rd April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

#### Rates of subscription.

	Per annum. Rs. a. p.
Subscription for <i>Gazette</i> and Supplement . . . . .	15 0 0
Postage . . . . .	5 8 0

F. C. HARRISON,  
Offg. Comptroller General.

The 29th June 1909.

GOVERNMENT OF INDIA.  
DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 1st July 1909.

NOTIFICATIONS.

No. 2516 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 28th June 1909 :—

- No. 296 of 1909.—Archie Singleton Longley, first class mechanical engineer, of 3, Convent Road, Entally, Calcutta, Bengal. *Improvements in vehicle wheels, more particularly those in use in carts and lorries.*
- No. 297 of 1909.—Charles Francis Jenkins, mechanical engineer, of 312, Ouray Building, Washington, D. C., in the United States of America. *Improvements in spirally wound paper and like receptacles and in methods of making the same.*
- No. 298 of 1909.—Percy William Cook, civil engineer, of 30, Beacon Hill, Camden Road, London, England. *Improvements in railway sleepers of armoured concrete and the like.*
- No. 299 of 1909.—Black Sand and Gold Recovery Company, a corporation of the state of Arizona with office at Chicago, Illinois, United States of America. *A pipe dredge.*
- No. 300 of 1909.—John A. Boog, engineer, surveyor and rice miller, of Bassein, Burma. *A dock.*
- No. 301 of 1909.—John Ashford, member of the Institution of Mechanical Engineers, superintendent of the Central Workshops, P. W. D., Amritsar, Punjab, India. *Improvements in and relating to rollers fitted into or attached to sluice gates and the method of mounting the same.*
- No. 302 of 1909.—Gangadhar Laxuman Karvan, head draftsman in the office of Superintending Engineer and Secretary to the Hon'ble the Agent to the Governor General for Central India, in the Public Works Department, Camp Indore. *A slide rule.*
- No. 303 of 1909.—Thomas Cowburn, engineer, of Rundle House, Brockworth, Gloucester, England. *A new or improved egg opener.*
- No. 304 of 1909.—John Charles Snelling, concrete slab manufacturers foreman, of 6, Crusoe Road, Mitcham, in the County of Surrey, Kingdom of England. *An improved machine for producing slabs for building purposes.*
- No. 305 of 1909.—James Scott Turner, engineer, and Arthur Wellesley Maxwell, merchant, both of 97, Queen Victoria Street, London, E. C., England. *Improvements in or relating to the treatment of bamboo pulp and other similar materials.*
- No. 306 of 1909.—George Fuller and Leonard Fuller, electrical engineers, both of Woodland Works, Wick Lane, Bow, in the County of London, England. *Improvements in or connected with apparatus for electrically heating running water.*
- No. 307 of 1909.—Johann Secundus Kruse, gentleman, of 48, Elm Park Gardens, Kensington, in the County of London, England, William Dudley Dines, designer, of "Hazledene", Ruislip Park, Ruislip, in the County of Middlesex, England, and William Alfred Richardson, civil and mechanical engineer, of 12-c, Uxbridge Road, Ealing, in the County of Middlesex, England. *Improvements in filter presses.*
- No. 308 of 1909.—Wilhelm Alexander Felix Bleack, electrician, care of Isles, Love & Co., of 284 and 286, Queen Street, Brisbane, in the State of Queensland, Commonwealth of Australia. *Improvements in primary batteries.*

No. 309 of 1909.—Carl Friedrich Siegert, tinsmith, of 45, Betty Street, Jeppes, near Johannesburg, Transvaal. *Improvements in the treatment of auriferous black sand, concentrates and other like metalliferous materials, for the recovery of the metal contents thereof.*

No. 2517 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 321 of 1908.—M. Mohammad Din & Co., polo stick makers, Peshawar Cantonment. *Polo stick.* (Specification filed 1 May 1909.)

No. 465 of 1908.—Linotype & Machinery, Limited, linotype and printing machinery manufacturers, of 188 and 189, Fleet Street, London, England. *Improvements in typographical composing machines.* (Specification filed 16 June 1909.)

No. 162 of 1909.—Messrs. Fateh Mohamed Deura & Co., manufacturers of polo sticks and other sports works, Sealkote City, Punjab. *Polo sticks.* (Specification filed 25 May 1909.)

No. 2518 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each:—

No. 112 of 1898.—Samuel Cleland Davidson. *Improvements in the construction of trays or sieves of foraminous material for use in machines for drying tea or other substances.* (From 16 July 1909 to 16 July 1910.)

No. 153 of 1898.—Samuel Cleland Davidson. *Improvements in apparatus for drying tea, coffee, cocoa, grain or other substances.* (From 30 July 1909 to 30 July 1910.)

No. 52 of 1902.—Ernest John Wood. *Improvements in axle boxes.* (From 27 August 1909 to 27 August 1910.)

No. 55 of 1902.—La Societe Des Telegraphes Multiplex (Systeme E. Mercadier). *Improvements in multiplex telegraphy using undulatory or alternating currents.* (From 22 July 1909 to 22 July 1910.)

No. 395 of 1902.—Michael Joseph Owens. *Improvement in machine for and method of gathering and shaping glass.* (From 26 November 1909 to 26 November 1910.)

No. 405 of 1902.—Roland Hayes Gahagan. *An improved automatic sluice gate.* (From 10 July 1909 to 10 July 1910.)

No. 257 of 1903.—Hugh Victor McKay. *Improvements in stripper-harvesters.* (From 1 August 1909 to 1 August 1910.)

No. 271 of 1903.—Michael Joseph Owens. *Improvements in or relating to receptacles or containers for molten glass.* (From 27 November 1909 to 27 November 1910.)

No. 521 of 1904.—Walter George Crosthwaite. *Improvements in or relating to the furnaces of steam boilers and the like.* (From 7 July 1909 to 7 July 1910.)

No. 535 of 1904.—Arthur Elphinstone Cummins. *Improvements in baling presses for cotton and other materials.* (From 30 June 1909 to 30 June 1910.)

No. 78 of 1905.—Louis Brennan. *Improvements in and relating to the imparting of stability to otherwise unstable bodies, structures or vehicles.* (From 29 August 1909 to 29 August 1910.)

No. 128 of 1905.—Henry Holmes-Jellett. *Improvements in centrings for arches and the like.* (From 28 July 1909 to 28 July 1910.)

No. 289 of 1905.—William Matthew Ducker. *Improvements in and relating to portable houses.* (From 20 January 1910 to 20 January 1911.)

No. 43 of 1906.—Thomas Arthur White. *An improved apparatus for the mechanical propulsion of trolleys.* (From 23 July 1910 to 23 July 1911.)

No. 2519 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act, the exclusive privilege of making, selling and using the said inventions in British India, and of authorizing others so to do, has ceased :—

No. 551 of 1904.—John Norwood. *An improved music portfolio.* (Specification filed 25 March 1905.)

No. 28 of 1905.—Wilhelm Michaelis. *Improvements relating to sound producing and recording apparatus and to records therefor.* (Specification filed 22 March 1905.)

Fee in respect of the continuance of an exclusive privilege—

4 (a) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of Rs 50 for each of the above inventions.

No. 352 of 1903.—Edward Schafer. *Improvements in fire extinguishers.* (Specification filed 23 March 1904.)

No. 527 of 1903.—William Reginald Ridings. *Improvements in arc lamps.* (Specification filed 23 March 1904.)

Fee in respect of the continuance of an exclusive privilege—

4 (b) After the expiration of the fourth year and before the expiration of the fifth year from the date of the filing of the specification—

The sum of Rs 50 for the above invention.

No. 349 of 1902.—R. G. Jones. *A foot shackle or means for fastening horses by the feet.* (Specification filed 20 March 1903.)

Fee in respect of the continuance of an exclusive privilege—

4 (c) After the expiration of the fifth year and before the expiration of the sixth year from the date of the filing of the specification—

The sum of Rs 50 for the above invention.

No. 441 of 1899.—John Walter Ottley. *Improvement in covers for the barrels of small arms.* (Specification filed 21 March 1901.)

Fee in respect of the continuance of an exclusive privilege—

4 (e) After the expiration of the seventh year and before the expiration of the eighth year from that date—

The sum of Rs 50 for the above invention.

No. 140 of 1898.—John Clarke. *Improvements in warp-drawing machines.* (Specification filed 22 March 1899.)

Fee in respect of the continuance of an exclusive privilege—

4 (g) After the expiration of the ninth year and before the expiration of the tenth year from that date—

The sum of Rs 100 for the above invention.

#### NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at *Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or 1s. 6d. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

H. G. GRAVES,

Secretary under the Inventions and  
Designs Act, V of 1888.

**P. J. GORDON, Lt.-Col., I.A.,**  
Superintendent, In charge Burma Surveys.

**THE HONOURABLE THE AGENT TO THE GOVERNOR GENERAL IN  
BALUCHISTAN.****NOTIFICATION.**

Quetta, the 21st June 1909.

**No. 3639.**—The following rules framed by the Hon'ble the Agent to the Governor General in Baluchistan under the provisions of sub-section (1), clauses (c) and (d) of section 102 of the Quetta Municipal Law, 1896, for regulating the supply of water by house connection from the mains are hereby notified in supersession of all previous rules on the subject:—

The rules that follow apply to the whole of the water distribution system within the limits of the town and Civil lines of Quetta excepting only the Railway main pipe which runs along the Lytton road south of its junction with the Levy lines road over this pipe the Railway Department have exclusive control subject only to the condition that they do not take therefrom more than 1,50,000 gallons a day without permission of the Agent to the Governor General.

1. All mains are the property of the Municipality and will be maintained by them with the exception that in the case of additional mains required largely or solely for Government purposes the initial cost of such mains shall be borne jointly by the Government Department concerned and the Municipality proportionally to the benefits accruing to each from the mains. Such mains shall be laid and maintained by and remain the property of the Municipality.

2. The use of the stand posts fixed or to be fixed in the public roads is free to all classes and castes but the hydrants and fire plugs are under the control of the Municipality. Additional stand posts and hydrants will be fixed from time to time as required in positions convenient to the public at the expense of the Municipality.

3. Service connections to bring water from the mains inside the premises of public offices, Government, Quetta Revenue, and Municipal buildings, and private houses will be given under these rules provided that there is sufficient water available after supplying all

stand-posts and hydrants in the public roads, on which point the final decision shall rest with the Agent to the Governor General.

4. The first cost of making these service connections shall in the case of public buildings be met by the Department concerned and the expenditure thereon shall be added to the value of the buildings. In the case of private houses the cost of laying submains shall be borne by the Municipality whenever the aggregate value of the fees to be realised yields a return of not less than 10 per cent. on the outlay incurred by the Municipality. The cost of piping from the line to the house and the fittings which must be paid in advance will be paid by each individual concerned.

The maintenance of the service connection in proper order will rest in all cases with the Municipality. Cost of such repairs to the water apparatus as are caused by fair wear and tear will be borne by the Municipality, but the cost of all damages done to the exposed portion of this service connection through carelessness and rough usage on the part of the house owners will be paid for by them.

Persons requiring service connection for private houses should address the officer appointed by the Municipality to receive and deal with such applications.

5. All service connections except to Government buildings will be laid and maintained by the Municipality and no additions or alterations will be permitted without an order from the Municipality who will carry out all work in connection with water supplied to private houses.

Any tampering with or wilful damage to any part of the service connections will render the owner or occupier of the house liable to the cost of any repairs that may be found necessary.

6. In the case of Government buildings the department concerned will, after due arrangement with the Municipality as to the size of connections, etc., lay and maintain at their own expense the service connections from the boundary of the Government land, such connections remaining the property of the Department which will also bear the expense of any extension from the Municipal main. The Municipality shall have access to Government buildings to ensure that no waste of water occurs.

7. Scale of charges for house connections for water supply within the limits of Quetta Municipality where meters are not fixed.

For 1st class houses R80 Rental and upwards.

										R	a	p

**For 2nd class houses Rental under R80 but not under R30.**

[illegible]

For 3rd class houses Rental under R30

[illegible]

\***NOTE.**—An extra charge of 0-8-0 per tap will be made for every tap in excess of one.

If water be used for any part of a month not exceeding 15 days, half the above rates will be charged, but if for more than 15 days, the full monthly rate will be levied. Persons desiring to discontinue taking water are required to give one week's notice of their wish.

Bills for water rates shall be issued not later than the 15th of the month following that in which the water to be charged for was consumed, and the payments should be made on or before the last day of the month in which the bills are issued. If the money is not paid on or before this date, a notice will be served to the effect that, unless the rate be paid by the 15th of the succeeding month the supply will be cut off.

8. In the case of all house connections constructed subsequently to the 1st September 1908, the water will be supplied by meter measurement. The initial cost of all meters will be paid by the person or Department requisitioning and the meter will be fixed and subsequently maintained by the Municipality.

9. Water supplied by meter measurement will be charged for at a uniform rate of annas two plus half an anna for maintenance per 1,000 gallons, and in all cases it will be a condition of the supply that water shall on no account be permitted to run to waste.

10. During the winter months when it is found necessary to keep the taps open owing to frost, a proclamation will be made to that effect, and the charge made for the period during which such proclamation is in force will be based on the average daily consumption of the 30 days preceding the date of such proclamation.

11. The charge to be made for water consumed during the time a meter is out of order or under repairs will be based on the average of the immediately preceding and next succeeding reliable readings. The latter reading should be taken within a fortnight of the repairs to the meter having been completed.

12. In all cases where the supply of water given by house connections is at present limited by ferrules, the committee will be prepared to introduce the meter system at the request and cost of the house-owner or the Government Department concerned.

13. In all cases of existing private connections in which the Municipal Secretary has reason to believe that a waste of water is occurring the house-owner will be served with a notice to the effect that he should show cause within seven days why the supply of water should not be cut off from his house until such time as a meter has been provided and fixed at his expense and if he fail to show such cause to the satisfaction of the Political Agent, action will be taken according to the terms of the notice.

In the case of Government Departments, notice of any waste of water will be sent to the official concerned.

14. If leakage should occur in a service pipe or connection, the owner or occupier of the house is bound to give early notice of such leak to the Municipality.

15. In the foregoing Rules, wherever the word "Municipality" occurs in connection with laying, supervision and maintenance of water supply pipes and fittings it is understood that the Municipal Engineer or an official deputed by him acts for and under the orders of the Quetta Municipality.

16. Any infringement of the foregoing rule will render the water liable to be cut off.

By order,

H. A. K. GOUGH, Major,  
First Assistant.

---

**THE HON'BLE THE AGENT TO THE GOVERNOR GENERAL AND  
CHIEF COMMISSIONER IN BALUCHISTAN.**

---

**NOTIFICATION.**

Ziarat, the 24th June 1909.

No. 884-Z.—Lieutenant O. C. Ward, I.A., Adjutant of the Zhob Levy Corps Infantry, is granted leave (under the Leave Rules of 1886) on medical certificate out of India for six months from the date on which he sailed.

By order,

H. A. K. GOUGH, Major,  
First Assistant.

# The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JULY 10, 1909.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

## PART II.

Notifications by High Court, Comptroller General, etc.

### GAZETTE OF INDIA.

#### NOTICE.

The 18th March 1909.

From the 3rd April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

J. J. MEIKLE,

Publisher, *Gazette of India*.

GOVERNMENT OF INDIA.  
DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 8th July 1909.

NOTIFICATIONS.

No. 2590 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 5th July 1909 :—

No. 310 of 1909.—Ramji Das & Co., proprietors of Edwards Sports, Works, Sialkot.  
*A racket.*

No. 311 of 1909.—Harry Burnett Smith, watchmaker, c/o Messrs. P. Orr & Sons, Madras, British India. *New or improved apparatus for recording the movements of locomotive engines and the like.*

No. 312 of 1909.—Sydney Solomon Lawrence, optician, of 67 and 69 Chancery lane, London, England. *An improvement relating to "megaphones" or speaking machines.*

No. 313 of 1909.—Dattatraya Atmaram Gadkari, draftsman, Kaira, and Kanaiyalal Nanlal Pandit, medical practitioner, Kaira. *A kind of shoe made of wood and canvas, called "The novelty shoe."*

No. 314 of 1909.—H. B. Jennings, 18 Mott's lane and 20 British Indian street, Calcutta. *Locking the leaves of books manufactured for the loose leaf system of books.*

No. 315 of 1909.—Carl Jost, engineer, of Standard Buildings, Hornby road, Bombay, British India. *Improved means for driving and keeping wet screens used for moistening and cooling the draught of air caused by a fan or otherwise.*

No. 316 of 1909.—James Howden, engineer, of 195 Scotland street, Glasgow, Scotland. *Improvements in and process of and apparatus for curing tea leaf.*

No. 317 of 1909.—Matthew Smith Hopkins, chemist, of 225 East German street, Baltimore, Maryland, United States of America, and Charles Ridgeley Barnett, civil engineer, of 413 Harthorn road, Roland Park, Baltimore county, Maryland, United States of America. *Improvements in and relating to process and apparatus for the recovery of the ingredients of oily inks.*

No. 318 of 1909.—Linotype and Machinery Limited, linotype and printing machinery manufacturers, of 188 and 189 Fleet street, London, England. *Improvements in the production of linotypes and apparatus therefor.*

No. 319 of 1909.—Linotype and Machinery Limited, linotype and printing machinery manufacturers, of 188 and 189 Fleet street, London, England. *Improvements in typographical composing and casting machines.*

No. 320 of 1909.—The Sub-Target Company, Limited, of 29a Charing Cross road, London, W.C., England. *Improvements in or relating to apparatus for rifle, gunnery and like practice.*

No. 321 of 1909.—Murex Magnetic Company, Limited, of 55 and 56 Bishopsgate street within, London, England. *Improvements relating to the treatment of ores.*

No. 322 of 1909.—Murex Magnetic Company, Limited, of 55 and 56 Bishopsgate street within, London, England. *Improvements relating to the treatment of ores or the like.*

No. 323 of 1909.—Herbert William Garratt, locomotive engineer, of 25 Lewiston Place, Portland Avenue, Stamford Hill, in the county of Middlesex, England. *Improvements in and relating to locomotive engines.*

No. 324 of 1909.—Alexander Gibb and Thomas Graham Menzies, civil engineer, of Goytre House, Pontypool, Monmouthshire, England, and 130 Wellesley road, Chiswick, London, England, respectively. *Improvements in apparatus for laying concrete.*

No. 2591 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 152 of 1908.—Ram Prasad Hiralal Yodha, managing agent, of Shrimant Raj Kanya Indira Raja Hand Weaving and General Trading Company, Limited, Baroda, and an inhabitant of Ahmadabad, Sankadi Sheri, Jati street, at present of Baroda, Munsbi Garden. *A loom to be called "Shrimant Indira Raja Loom."* (Specification filed 22 June 1909.)

No. 509 of 1908.—William Arthur Thomson, miner, of Palmerston, Port Darwin, Northern Territory of South Australia, Australia. *Improvements in the catchment vessels of rain gauges.* (Specification filed 26 June 1909.)

No. 527 of 1908.—Edward Brice Killen, engineer, of 52 Queen Victoria Street London, England. *Improvements in or relating to wheels.* (Specification filed 26 June 1909.)

No. 118 of 1909.—Thomas William Simpson, glass bottle manufacturer, of Whitwood House, Castleford, in the county of York, England. *An improved machine for manufacturing glass bottles.* (Specification filed 26 June 1909.)

No. 131 of 1909.—John Orme Brettell, engineer, of West Dene, Shrubbery Avenue, Worcester, in the county of Worcester, England, and McKenzie and Holland Limited, railway signal engineers, of 58 Victoria street, Westminster, in the county of Middlesex, and of Vulcan Iron Works, Worcester, in the county of Worcester, England. *An improved interlocking apparatus for railway or tramway point, signal or other levers.* (Specification filed 26 June 1909.)

No. 232 of 1909.—Albert Edwards Greene, engineer, of Chicago, Illinois, United States of America. *Process of refining metals and alloys.* (Specification filed 26 June 1909.)

No. 2592 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each:—

No. 6 of 1898.—Christian Wilhelm Luther. *A new way of constructing light fireproof building material possessed of the quality not to be eaten by insects and therefore specially adapted for hot climates.* (From 12 August 1909 to 12 August 1910.)

No. 120 of 1899.—Henry Phillips Davis and Frank Conrad. *Improvements in electric motors and meters adapted for use with alternating currents.* (From 19 August 1909 to 19 August 1910.)

No. 444 of 1900.—James Begg. *A rotary leaf spreader and arrangement for withering tea leaf and the like.* (From 2 July 1909 to 2 July 1910.)

No. 22 of 1901.—Ernest Rowland Hill. *Improvements in controlling mechanism especially applicable for use with pumps.* (From 17 August 1909 to 17 August 1910.)

No. 28 of 1901.—The Linotype Company, Limited. *Mechanism for effecting the distribution of type.* (From 26 August 1909 to 26 August 1910.)

No. 419 of 1901.—Christopher Rawson. *Improvements in the oxidising process of indigo manufacture.* (From 12 August 1909 to 12 August 1910.)

No. 22 of 1902.—Adolf Gentzsch. *Improved manufacture of a substitute for gutta-percha.* (From 12 August 1909 to 12 August 1910.)

- No. 76 of 1902.—The Inverted Incandescent Gas Lamp Syndicate Limited. *Improvements in or connected with gas burners.* (From 16 August 1909 to 16 August 1910.)
- No. 221 of 1902.—Cass Lafigdon Kennicott. *Improvements relating to water purifying apparatus.* (From 23 July 1909 to 23 July 1910.)
- No. 222 of 1902.—Porter Safety Seal Company. *Improvements in or relating to implements and devices for sealing bags, boxes, kegs and other articles.* (From 23 July 1909 to 23 July 1910.)
- No. 31 of 1903.—William Adonriram Shely and Alda Merrill Shely. *Machine for breaking and cleaning fibrous material.* (From 18 August 1909 to 18 August 1910.)
- No. 73 of 1903.—James Hodgkinson. *Improvements in apparatus for ginning or treating cotton and other fibrous material.* (From 29 July 1909 to 29 July 1910.)
- No. 500 of 1903.—Mark Cummins. *Improvements relating to brakes.* (From 16 August 1909 to 16 August 1910.)
- No. 522 of 1903.—Ernest Armstrong. *Improvements in lubricating devices for the journals of railway axles, shafts and the like.* (From 27 July 1909 to 27 July 1910.)
- No. 178 of 1904.—Chaimsonovitz Prosper Elieson. *Electric accumulator plate.* (From 22 November 1910 to 22 November 1911.)
- No. 331 of 1904.—Eduard Pielock. *Improvements in tubular boilers, steam generators or the like.* (From 8 September 1909 to 8 September 1910.)
- No. 32 of 1905.—James Ormond. *An improved bag spreader for tea packing machines and the like.* (From 25 August 1909 to 25 August 1910.)
- No. 48 of 1905.—Benjamin Garver Lamme. *Improvements relating to the distribution of electric energy to apparatus capable of being operated by direct and also by alternating currents.* (From 29 August 1909 to 29 August 1910.)
- No. 126 of 1905.—Henry Colbeck Michell. *Improved manufacture of non-conducting coverings, blocks and slabs suitable for covering steam pipes, boilers and the like and for other purposes.* (From 30 August 1909 to 30 August 1910.)
- No. 331 of 1905.—Sidney Prescott Wood and McKenzie and Holland, Limited. *Improvements in electric treadles or contact makers for railway signalling and the like.* (From 14 February 1910 to 14 February 1911.)
- No. 332 of 1905.—Charles Dutton, Courtenay Harold Wish Edmunds and McKenzie and Holland, Limited. *Improvements in or relating to railway point and signal apparatus and the like.* (From 14 February 1910 to 14 February 1911.)

No. 2593 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling and using the said inventions in British India, and of authorizing others so to do, has ceased:—

- No. 268 of 1904.—Charles Ewing. *Improvements in rolling-stock for mono-rail tramways or railways.* (Specification filed 1 April 1905.)
- No. 342 of 1904.—William Jeffers Craig and Frank Walter Hart. *Improvements in keys for railway and other chairs.* (Specification filed 1 April 1905.)
- No. 351 of 1904.—Daniel Holland Stubbs. *Improvements in punkahs.* (Specification filed 29 March 1905.)
- No. 372 of 1904.—Frank Staines. *Improved portable draining tray for domestic purposes.* (Specification filed 28 March 1905.)
- No. 397 of 1904.—Ole Mikael Johan Olsen and Walter Gates. *An enclosed mechanical duplex alternating gas regulator, for extinguishing and re-lighting gas burners.* (Specification filed 28 March 1905.)
- No. 398 of 1904.—Michael D'Souza. *An improved goods wagon safety lock.* (Specification filed 29 March 1905.)

- No. 399 of 1904.—Stephen Arthur Sisson. *Improvements in or connected with billiard and bagatelle or like tables.* (Specification filed 28 March 1905.)
- No. 410 of 1904.—Maneck Khurshedjee Thanewala. *An improved ruler.* (Specification filed 27 March 1905.)
- No. 429 of 1904.—Ebrahim Alishaik Bidree. *Improvements in warping machines.* (Specification filed 31 March 1905.)
- No. 444 of 1904.—Nagapa Arlapa Abdoolpurkar and Malaya Madavalaya Togi. *Improvements in warping machines for hand looms.* (Specification filed 27 March 1905.)
- No. 470 of 1904.—Edward Schafer. *Improvements in fire extinguishers.* (Specification filed 29 March 1905.)
- No. 51 of 1905.—Ralph Starrett. *Improvements in and relating to cotton gins.* (Specification filed 1 April 1905.)
- No. 65 of 1905.—James Brideoake Sunderland, Ernest Fox and David Darby. *An improved saddle tree for riding pack or any other kind of saddle.* (Specification filed 28 March 1905.)

Fee in respect of the continuance of an exclusive privilege—

- 4 (a) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of Rs 50 for each of the above inventions.

- No. 64 of 1904.—Joseph Henry Decent. *An improved boiler-tube cleaner* (specification filed 31 March 1904.)

Fee in respect of the continuance of an exclusive privilege—

- 4 (b) After the expiration of the fourth year and before the expiration of the fifth year from the date of the filing of the specification—

The sum of Rs 50 for the above invention.

### NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or 1s. 6d. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

H. G. GRAVES,

Secretary under the Inventions and  
Designs Act, V of 1888.

W. E. T. BENNETT,

Offg. Secretary for Irrigation, North-West Frontier Province

OFFICE OF THE REVENUE AND FINANCIAL SECRETARY TO THE  
CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATION.

Nathialali, the 5th July 1909.

No. 263-H.—Rule 28 of the rules made by the Inspector-General of Registration, Punjab, under section 69 of Act III of 1877 and notified in Punjab Government Notification No. 3947, dated the 10th December 1880, is cancelled, and in its place the following rule, which has been approved by the Chief Commissioner, North-West Frontier Province, is published under section 69 of Act XVI of 1908.

- *Rule 28.*—The books required by section 51 to be kept in Registration offices shall consist of printed forms to be supplied by the Inspector-General, containing the headings hereinafter described, and paged consecutively, bound in volumes of convenient size, the number of pages in each volume being certified on the title page. These volumes shall be numbered consecutively (a separate series for each book) and the number shall not terminate with the calendar year, but shall run on perpetually. Registrars will send to the Inspector-General's Office every year by the 1st July an indent specifying the books and forms likely to be required in their own offices and in those subordinate to them during the next calendar year. After printing and binding the books will be supplied during the month of January, to Registrars who will stock them and distribute them when required to the sub-offices. Every registering officer on receiving a volume from the Registrar's office shall immediately examine it, to see that it contains the certified number of pages, and that these have been numbered in proper consecutive order; and he shall note the result on the title page. A similar certificate will be entered by the Registrar in any volume brought into use in his own office.

A. L. P. TUCKER,

Revenue and Financial Secretary to the Chief Commissioner,  
North-West Frontier Province.

\*Agents for sale of the Legislative Department publications.

NOTICE.—Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through the Local Government to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agent to the particular Government under whose orders they were originally issued.

[ The amounts within parentheses are for packing and postage. ]

# The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JULY 17, 1909.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

## PART II.

Notifications by High Court, Comptroller General, etc.

### GAZETTE OF INDIA.

#### NOTICE.

The 18th March 1909.

From the 3rd April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

J. J. MEIKLE,

Publisher, *Gazette of India*.

GOVERNMENT OF INDIA.  
DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 15th July 1909.

NOTIFICATIONS.

No. 2731 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 12th July 1909 :—

- No. 325 of 1909.—Sorabji Muncherji Rutnagar, journalist, 27 Meadows street, and Dossabhoy Maneckji Wadia, mill manager, No. 2 Warden road, both of Bombay. *Improvements in or relating to carding engines.*
- No. 326 of 1909.—Munwar Khan, proprietor of the firm of Munwar Khan and Company, at Delhi, at present residing at Buksh Ellih's Hotel, Sendureaputty, Calcutta. *A plough.*
- No. 327 of 1909.—Louis Julian, mechanical draftsman, residing at Rayapuram, and V. S. Gnanaprakasam, assistant engineer, residing at Vepery, within the local limits of Madras. *Double-trapped street-gully and storm-water overflow.*
- No. 328 of 1909.—George Lezinsky, Attorney-at-Law, of 115 Broadway, Borough of Manhattan, city and state of New York, United States of America. *Improvements in explosive compounds and manufacture of the same.*
- No. 329 of 1909.—Johan Alex Faesen, merchant, of 32 Soestdykerstraatweg, Hilversum, Holland, Theodore Carel Dentz, merchant, 27 Tesselschadesstraat, Amsterdam, Holland, and Rudolf August Louis Lehmann, Consul-General of Greece, of 15 Oude Turfmarkt, Amsterdam, Holland. *Improvements in or relating to resilient tyres.*
- No. 330 of 1909.—George Calvert, of the Metropolitan Laboratories, 100 Evering road, in the county of London, England. *Improved apparatus for filling pneumatic tyres and other containers with compressed gases.*
- No. 331 of 1909.—Charles Didelon, of No. 3 Rue Laugier, Paris, France, and Albert Braut, of No. 59 Rue de L'Aqueduc, Paris, France. *Improvements in apparatus for rendering soluble and nitrifying sewage and other waste solid and liquid matters.*
- No. 332 of 1909.—George Harrison Sheffield, civil engineer, of 38 Victoria street, Westminster, in the county of London, England, and James Denis Twinberrow, civil engineer, of 1 Woodside, Hexham, in the county of Northumberland, England. *Improvements in and connected with bogies for rolling stock.*
- No. 333 of 1909.—John Scott, quarry master, of the Green, Wishaw, in the county of Lanark, Scotland, and Christian Mollmann Gottschau, engineer, of Saucelbank, Blackhall, Paisley, in the county of Renfrew, Scotland. *Improvements in cam and tapped-valve gear for fluid pressure engines.*
- No. 334 of 1909.—Frederick Hardman, dyer and bleacher, of Hollinbank Dye Works, Sion street, Radcliffe, in the county of Lancaster, England, and Frank Edmondson, gentleman, of 19 Oxford road, Birkdale, in the said county. *Improvements in bleaching cotton and other vegetable fibres in the raw state or in the form of yarns or fabrics.*

No. 2732 P.—THE undermentioned design has been registered, under the provisions of the Inventions and Designs Act, 1888, in the office of the Secretary appointed under

that Act, and copies have been sent to the Governments of Madras, Bombay and Burma. This and other designs are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 13-D. of 1909.—C. S. V. Aiyar, The Model Stores, Papauasam, residing at West Main street, Papauasam, Tanjore district, Madras Presidency. *A brief bag.*

No. 2733 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

- No. 269 of 1908.—The Renard Road and Rail Transport Corporation, Limited, manufacturers and carriers, of 82 Victoria street, Westminster, London, S. W., England. *Improvements in and relating to trains of vehicles for common roads.* (Specification filed 26 June 1909.)
- No. 296 of 1908.—K. Ramasami Mudally and S. S. Balasundara Naicker, iron safe manufacturers, doing business at No. 396 Mint street, George Town, Madras, E. *Burglar proof safe-guarding safes entitled "Improved device for safe-guarding safes."* (Specification filed 3 May 1909.)
- No. 409 of 1908.—Henry Simon, Limited, engineers, of 20 Mount street, Manchester, in the county of Lancaster, England. *Improvements in the art of milling and conditioning flour from wheat.* (Specification filed 1 July 1909.)
- No. 497 of 1908.—George Alexander Buchanan, civil engineer, of 14 Camac street, Calcutta. *Improved means for preventing insects such as ants from climbing up the legs of tables, chairs, almirahs, beds and the like.* (Specification filed 26 June 1909.)
- No. 504 of 1908.—The Westinghouse Metal Filament Lamp Company, Limited, manufacturers, of 2 Norfolk street, Strand, London, England. *Improved manufacture of filaments of tungsten or molybdenum for electric incandescence lamps.* (Specification filed 26 June 1909.)
- No. 536 of 1908.—Walter Frederic Perman, tea planter, of Decajulie Tea Estate, Deckajulie Post Office, Assam, British India. *An improved joint for chimneys and the like on corrugated iron roofs.* (Specification filed 30 June 1909.)
- No. 540 of 1908.—The New Ignition Syndicate, Limited, manufacturers, and Wallace James Lambert Sandy, electrical engineer, both of Britannia Works, Canal Bridge, Old Kent road, London, England. *An improved electrolyte for use in electric batteries.* (Specification filed 26 June 1909.)
- No. 550 of 1908.—John Foster Stephenson, engineer, of Haines street, Glenferrie, in the state of Victoria, Australia. *Improvements in spring mattresses.* (Specification filed 26 June 1909.)
- No. 4 of 1909.—George Webb, motor car manufacturer, of Priory street, Monmouth, in the county of Monmouth, England. *Improvements in or relating to rims for the road wheels of vehicles.* (Specification filed 30 June 1909.)
- No. 25 of 1909.—George Webb, motor car manufacturer, of Priory street, Monmouth, in the county of Monmouth, England. *Improvements in or relating to detachable rims for the road wheels of vehicles.* (Specification filed 30 June 1909.)
- No. 93 of 1909.—Gimson and Company (Leicester,) Limited, engineers, and Socrates Keats, manager of the Shoe Machinery Department, both of Vulcan road, Leicester, England. *Improvements in or relating to machines for lasting boots and shoes.* (Specification filed 30 June 1909.)
- No. 221 of 1909.—Egbert Von Lepel, engineer, of No. 9 Traunsteinerstrasse, Charlottenberg, Berlin, W., in the German Empire. *Improved apparatus for producing rapid electric oscillations.* (Specification filed 1 July 1909.)

- No. 240 of 1909.—Isaac Emerson Palmer, inventor, of 326 Washington street, Middletown, Connecticut, United States of America. *Improvements in or relating to yarn or thread guides.* (Specification filed 3 July 1909.)
- No. 241 of 1909.—Enrique John Solano, author, of 4 Park lane, in the county of London, England. *Improvements in and relating to moving targets.* (Specification filed 3 July 1909.)
- No. 244 of 1909.—Alexander Albert Holle, gentleman, of Haere House, Olst, Holland, in the kingdom of the Netherlands. *Improvements in steam and other fluid engines.* (Specification filed 1 July 1909.)
- No. 248 of 1909.—Gimson & Company (Leicester), Limited, engineers, of Vulcan road, Leicester, England, and Socrates Keats, manager of Shoe Machinery Department, of same address. *Improvements in or relating to lasting machines.* (Specification filed 30 June 1909.)
- No. 253 of 1909.—Knut Jonas Elias Hesselman, mechanical engineer, of Saltsjö Storangen, near Stockholm, in the kingdom of Sweden. *Improvements in auxiliary motors for reversing reversible internal combustion motors.* (Specification filed 1 July 1909.)
- No. 254 of 1909.—William Forbes Leslie, bachelor of medicine and master of chemistry, of 75 Victoria street, Westminster, London, England. *Improvements in pulverising mills.* (Specification filed 1 July 1909.)

No. 2734 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each:—

- No. 357 of 1896.—Andrew Campbell and James Urie. *Apparatus for filling oil tins.* (From 20 July 1909 to 20 July 1910.)
- No. 92 of 1898.—Charles Hodgson. *An improvement in apparatus for interlocking railway points and signals.* (From 25 August 1909 to 25 August 1910.)
- No. 111 of 1898.—Charles Hodgson. *An improvement in railway signal interlocking apparatus.* (From 25 August 1909 to 25 August 1910.)
- No. 70 of 1900.—Eugene Sandow. *Improvements in dumbbells for physical culture exercises.* (From 31 July 1909 to 31 July 1910.)
- No. 231 of 1901.—The Rowland Telegraphic Company. *Improvements in electric telegraphs.* (From 30 September 1909 to 30 September 1910.)
- No. 424 of 1901.—Illius Augustus Timmis. *Improvements in the construction of bogies for railway rolling stock.* (From 29 July 1909 to 29 July 1910.)
- No. 151 of 1905.—Francis Gascoigne Lynde. *An improved bib cock.* (From 12 July 1909 to 12 July 1910.)
- No. 180 of 1905.—Henry William De Stuckle. *Improvements in or relating to the manufacture of caustic alkalis or analogous hydrates.* (From 21 November 1909 to 21 November 1910.)
- No. 181 of 1905.—Henry William De Stuckle. *Improvements in or relating to apparatus for the manufacture of alkali or alkali-hydrates and zinc-sulphide.* (From 21 November 1909 to 21 November 1910.)
- No. 328 of 1905.—Willibald Liedke and Otto Rabenhorst. *Improvements in or relating to incandescent vapour lamps.* (From 24 August 1909 to 24 August 1910.)
- No. 440 of 1905.—International Cigar Machinery Company. *Improvements in cigar machinery.* (From 23 April 1910 to 23 April 1911.)

No. 2735 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling and using the said inventions in British India, and of authorizing others so to do, has ceased:—

- No. 261 of 1904.—Harry Erskine Coles. *A rifle carrier for mounted troops.* (Specification filed 8 April 1905.)

No. 448 of 1904.—Samuel Groves Whitehouse. *Improvements in connection with wheeled-vehicles.* (Specification filed 8 April 1905.)

No. 500 of 1904.—Harold Boyd. *Improvements in and relating to the manufacture of explosive compositions.* (Specification filed 7 April 1905.)

Fee in respect of the continuance of an exclusive privilege—

4 (a) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of Rs 50 for each of the above inventions.

No. 66 of 1902.—Henry Braithwaite Ashton. *Improvements relating to spinning frames.* (Specification filed 8 April 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (d) After the expiration of the sixth year and before the expiration of the seventh year from the date of the filing of the specification—

The sum of Rs 50 for the above invention.

### NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or rs. 6d. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

H. G. GRAVES,  
Secretary under the Inventions and  
Designs Act, V of 1888.

**THE HONOURABLE THE CHIEF COMMISSIONER  
OF AJMER-MERWARA.**

**NOTIFICATION.**

Mount Abu, the 4th July 1909.

**No. 973.**—The following draft of a Notification which it is proposed to issue in exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), is published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration by the Hon'ble the Chief Commissioner of Ajmer-Merwara on or after the 22nd August 1909.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date aforesaid will be considered by the Hon'ble the Chief Commissioner.

*Draft Notification.*

In exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and with the previous sanction of the Governor-General in Council, the Hon'ble the Chief Commissioner is pleased to make the following rules to regulate the possession and transport of petroleum in Ajmer-Merwara in supersession of those published in this office Notifications cited in the margin.—

No. 71, dated the 26th January 1903.  
No. 190, dated the 25th February 1904.  
No. 528, dated the 19th May 1905.

**RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899,  
FOR THE POSSESSION AND TRANSPORT OF PETROLEUM IN AJMER-MERWARA.**

**PART I.**

**PRELIMINARY.**

**Definitions.**

**1. In these rules,—**

- (a) "Part" means a Part of these rules;
- (c) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;
- (d) "installation" means a place specially prepared for the storage of petroleum in bulk or for bulk combined with non-bulk storage, and may be either a major or a minor installation;
- (e) "major installation" means an installation—
  - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons; or
  - (2) in which tin-making operations are carried on;
- (f) "minor installation" means an installation—
  - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons; and
  - (2) in which no tin-making operations are carried on;
- (g) "storage shed" means a building used for the storage of petroleum otherwise than in bulk, and may or may not form part of an installation;
- (h) "protected works" includes buildings in which persons dwell or assemble, docks, wharves, timber yards, other petroleum stores, and any other place not forming part of an installation, which the Local Government may by notification declare as such;
- (j) "motor-vehicle" means any vehicle or vessel propelled by a motor, in which petroleum is used as fuel; and
- (k) "owner," as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled, for the time being to use or work a motor-vehicle.

## PART II.

## POSSESSION AND TRANSPORT OF PETROLEUM.

## Chapter I.—Possession of Petroleum.

- Smoking prohibited. 1. No smoking shall be permitted inside any installation or storage shed.
- Supervision of operations within installation or storage shed. 2. All operations within any installation or storage shed shall be conducted under the supervision of a responsible agent or supervisor.
- Cleanliness of installation. 3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.
- Supply of sand or dry earth in installation. 4. A supply of sand or dry earth shall always be kept in an installation for the purpose of extinguishing fire.
- Marking of capacity of tanks. 5. The capacity in gallons of every tank in an installation shall be conspicuously marked on it, and shall be calculated at the rate of 6.25 gallons per cubic foot.
- Protection from lightning. 6. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.
- Explanation.*—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building not forming part of the installation, and if it is surrounded by a wall, or embankment, or sunk in an excavation, the enclosure thus formed being sufficient to contain the whole contents of the tank or receptacle.
- Testing of lightning-conductor by licensee. 7. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the Chief Inspector of Explosives may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.
- Official testing of lightning-conductor. 8. Any officer appointed by the Local Government in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.
- Time for work in installations or storage sheds. 9. No installation or storage shed shall be open, and no work in any installation or storage shed shall be permitted, between sunset and sunrise: provided that in cases where electric lighting is exclusively used, night working may be permitted by the Local Government on the recommendation of the Chief Inspector of Explosives.
- Closure of pipes and openings. 10. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications which are required under rule 10 of Chapter IV of this Part, to be submitted with the application for a license.
- Material for storage sheds. 11. All storage sheds in an installation shall be built of unflammable material.
- Posting up of rules and conditions. 12. There shall be hung up in a conspicuous place in every installation and storage shed for which a license has been granted, copies in English and the vernacular, of the rules contained in this Chapter, and of the conditions endorsed on the license.

## CHAPTER II.—TRANSPORT OF PETROLEUM.

Petroleum may be transported into and within Ajmer-Merwara under cover of a license granted by the prescribed authority in any other province of British India or in any area outside British India to which the Indian Petroleum Act, 1899, may be applied, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.

## CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENSES.

- Applications for licenses. 1. All applications for licenses for the possession or transport of petroleum shall be made to the District Magistrate.

Licensing authority.

## 2. Licenses—

- (a) for the possession of non-dangerous petroleum, not being petroleum in bulk,
- (b) for the possession of non-dangerous petroleum in a minor installation,
- (c) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, and
- (d) for the transport of petroleum, not being dangerous petroleum, otherwise than by a pipe line,

may be granted by a District Magistrate, or by such other authority as the Local Government may from time to time by order in writing appoint in this behalf. In all other cases the licensing authority shall be the Local Government :

Provided that in the case of renewals of existing licenses the Local Government may delegate its powers under this rule to the District Magistrate or to such other authority as the Local Government may from time to time by an order in writing appoint in this behalf.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case :

Refusal of license.

Provided that the licensing authority shall not refuse a license for the possession of petroleum in a minor installation, unless such authority has first made a reference to the Chief Inspector of Explosives and obtained his concurrence.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

Forfeiture of license.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars which are contained in the form prescribed for it by these rules :

Particulars of license.

Provided that in the case of installations and storage sheds in existence before these rules were made, the license may contain in lieu of the particulars contained in the form prescribed for it by these rules, either such particulars as may have been entered in the license granted for such installation or storage shed under the rules heretofore in force, or such particulars as may in each case be approved by the Chief Inspector of Explosives.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

Renewal of licenses.

(2) Every such application shall be made at a date not less than thirty days before the date on which the original license expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority issues the renewed license or until an intimation that the renewal of the license is refused has been communicated to the applicant.

- (3) The same fee shall be charged for the renewal of a license as for a new license.

7. When any license is granted for the possession or transport of petroleum, a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and in Chapter II of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

Supply of rules to licensee.

8. Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for the unexpired portion of the original license.

Procedure on death or disability of licensee.

9. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted.

Loss of license.

## CHAPTER IV.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.
2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.
3. Licenses for the possession of dangerous petroleum, not in bulk, in quantity exceeding forty gallons may be granted in Form B.
4. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

Dangerous petroleum not exceeding forty gallons.

5. (1) The holder of a license in Forms A, B or C may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

Transfer of certain licenses.

(2) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Re. 1 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

6. Special licenses for the possession of dangerous petroleum in receptacles containing more than forty gallons, but not more than 500 gallons each, may be granted on such terms as the Local Government may prescribe on the recommendation of the Chief Inspector of Explosives.

Possession of dangerous petroleum in receptacles containing more than forty gallons each.

7. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in major installations, in accordance with such specifications and plans as the Local Government, on the recommendation of the Chief Inspector of Explosives, may from time to time by general or special order, approve, may be granted in Form D.

Storage in major installations.

8. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in minor installations, in accordance with such specifications and plans as the Chief Inspector of Explosives may from time to time, by general or special order, approve, may be granted in Form E.

Storage in minor installations.

9. (1) Licenses in Form F may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

Dangerous petroleum for use on motor-vehicles.

(2) The provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles, save in so far as these provisions are varied by the conditions of the license.

10. Every application for a license for the possession of petroleum other than licenses under rules 4 and 9 of this Chapter, shall specify:—

Particulars to be given in applications for licenses for the possession of petroleum other than licenses under rules 4 and 9.

(a) the description and quantity of petroleum which the applicant desires to keep,

(b) the name and position of the premises intended to be used for the storage of such petroleum, and whether the said premises fulfil the conditions prescribed by Form A, Form B, Form D, or Form E, as the case may be,

(c) the amount of petroleum, if any, already licensed to be kept on the same premises. If the application be made for the first time in respect of any major or minor installation or if the quantity of petroleum to be stored in such an installation is to be increased, the application shall be accompanied by specifications and plans drawn to scale.

11. Before petroleum is stored in any major or minor installation for which a license has been granted for the first time, a certificate shall be furnished to the licensing authority to the effect that all enclosure walls and embankments required to be constructed under the conditions of the license are sufficient to ensure safety. The certificate shall be signed by an engineer accepted as qualified for the purpose by the licensing authority. When the license is not granted for the first time but is granted for an increased quantity of petroleum, a certificate shall similarly be furnished to the licensing authority before any quantity of petroleum exceeding the amount which was admissible under the former license is stored in the installation.

Particulars to be given in applications for licenses under rules 4 and 9.

12. Every application for a license under rules 4 and 9 of this Chapter shall specify:—

(a) whether the applicant is the owner of a motor-vehicle,

(b) the amount of dangerous petroleum the applicant desires to store,

(c) the exact position and nature of the premises intended to be used for the storage of such dangerous petroleum, and whether the said premises fulfil the conditions prescribed by Form C or Form F, as the case may be.

## CHAPTER V.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form G.

General licenses for the transport of non-dangerous petroleum.

2. General licenses for the transport of dangerous petroleum, otherwise than in bulk, may be granted for a period of twelve months in Form H.

General licenses for the transport of dangerous petroleum.

3. Licenses granted under rules 1, 2 and 9 of this Chapter may authorise the holders to transport petroleum without restriction as to destination or total quantity.  
Effect of general license.
4. The holder of a general license granted under rules 1, 2 or 9 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it, a numbered pass in Form I.  
Pass for transport of petroleum.
5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding 5 hundred gallons, in Form J.  
Special licenses for the transport of petroleum other than dangerous petroleum.
6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form K.  
Special licenses for the transport of dangerous petroleum.
7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license, and shall be valid for such period as may be entered in it.  
Effect of special license.
8. Applications for special licenses for the transport of petroleum by rail, by road, by steamer or by barge, or by two or more of these modes of conveyance, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained.  
Particulars to be given in applications for special licenses.
9. General licenses in Form L to transport dangerous petroleum up to a maximum of sixty gallons at a time, otherwise than on a motor-vehicle, may be granted for a period of twelve months to owners of motor-vehicles holding licenses under rule 9, (sub-rule (1), of Chapter IV of this Part, to possess petroleum and use or transport it on a motor-vehicle.  
Transport of dangerous petroleum by motorists otherwise than on a motor-vehicle.

## CHAPTER VI.—FEES.

1. (1) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Local Government to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.  
Method of levying fees.
- (2) In all other cases the fees shall be paid in cash on receipt of a notice from the licensing authority that a license will be granted.
- (3) The court-fee stamp of the value of eight annas representing the fee chargeable under schedule II, Article 1 (b) of the Court Fees Act on an application for a license presented to a Magistrate should be attached to the application.
2. The following fees shall be charged for licenses for the possession of petroleum  
Fees for licenses for possession of petroleum namely:—

## Non-dangerous petroleum.

- |   | <i>R</i>   |
|---|--|
| (a) When the quantity to be stored exceeds five hundred but does not exceed one thousand gallons.             | 12   |
| (b) When the quantity to be stored exceeds one thousand but does not exceed five thousand gallons.            | 12 for the first one thousand gallons <i>plus</i> <i>R</i> 2 for every additional one thousand gallons or part thereof.  |
| (c) When the quantity to be stored exceeds five thousand gallons, but does not exceed fifty thousand gallons. | 20 for the first five thousand gallons <i>plus</i> <i>R</i> 4 for every additional one thousand gallons or part thereof. |
| (d) When the quantity to be stored exceeds fifty thousand gallons.  | 250  |

## Dangerous petroleum.

- |   | <i>R</i>  |
|---|---|
| (e) When the quantity to be stored does not exceed forty gallons.                                   | 3   |
| (f) When the quantity to be stored exceeds forty gallons, but does not exceed five hundred gallons. | 8   |
| (g) When the quantity to be stored exceeds five hundred gallons.                                    | the same fees as those laid down for non-dangerous petroleum. |

Fees for licenses for transport of petroleum.

3. The following fees shall be charged for licenses for the transport of petroleum :—

Non-dangerous petroleum.

Special license—

- |   |   |
|---|---|
| (a) When the quantity to be transported exceeds five hundred but does not exceed five thousand gallons. | R |
| (b) For every additional five thousand gallons or part of five thousand gallons.                        | 1 |

*General license* for the transport of non-dangerous petroleum by rail, by road, or by water for twelve months. 100

Dangerous petroleum.

Special license—

- |   |   |
|---|---|
| (i) When the quantity to be transported does not exceed forty gallons.  | R   |
| (ii) When the quantity to be transported exceeds forty gallons but does not exceed four hundred and eighty gallons. | 2 for the first 40 gallons plus 8 annas for every additional forty gallons or part thereof.                                   |
| (iii) When the quantity to be transported exceeds four hundred and eighty gallons.                                  | 8 for the first four hundred and eighty gallons plus R2 for every additional four hundred and eighty gallons or part thereof. |

*General license* for the transport of dangerous petroleum by the owner of a motor-vehicle by road, rail or water, up to a maximum of sixty gallons at a time.

*General license* for the transport of dangerous petroleum by dealers by rail, road or water. 50

4. A fee of one rupee shall be charged for a new license for the unexpired portion of an original license granted to any person applying for the same in accordance with the provisions of rule 8 of Chapter III of this Part.

Fee for license granted for unexpired portion of an original license.

5. A fee of eight annas shall be charged for a duplicate of a license granted in accordance with the provisions of rule 9 of Chapter III of this Part.

Fee for duplicate licenses.

FORM A.

(Rule 2 of Chapter IV of Part II.)

License to possess petroleum (other than dangerous petroleum), otherwise than in bulk.

No.

Fee, R

License is hereby granted to \_\_\_\_\_ for the storage of \_\_\_\_\_ gallons of petroleum, in the storage shed described below, of \_\_\_\_\_ subject to the rules for the storage of petroleum published in Notification No. \_\_\_\_\_ dated \_\_\_\_\_, and to the further conditions on the back of this license.

District Magistrate or authority  
appointed under rule 2 of Chapter III of Part II.

The

190 .

[Description of the storage shed above referred to.]

Endorsement on form A.

CONDITIONS OF THE LICENSE.

If the licensing officer call on the holder of a license, by a notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The storage shed shall be constructed of masonry or other unflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors, but the beams rafters, columns, windows and doors may be of wood.

3. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be 3 feet.

A combination of these methods is permissible.

4. The following distances shall be kept clear round the building :—

Distances to be kept clear round buildings or enclosure walls.	Number of gallons to be stored.
None . . . . .	5,000 and under.
20 feet . . . . .	over 5,000 and up to 50,000.
30 „ . . . . .	Unlimited.

5. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted within the storage shed.

### FORM B.

(Rule 3 of Chapter IV of Part II.)

License to possess dangerous petroleum, otherwise than in bulk, in quantity exceeding forty gallons.

No.

Fee, R .

License is hereby granted to \_\_\_\_\_ for the storage, in the storage shed described below, of \_\_\_\_\_ gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. \_\_\_\_\_, dated \_\_\_\_\_, and to the further conditions on the back of this license.

First Assistant to the Agent to the Governor-General, Rajputana,  
and Chief Commissioner, Ajmer-Merwara.

### CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch : provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed two gallons . . . . .	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons . . . . .	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons . . . . .	20 B. W. G.
(4) When the capacity exceeds eight gallons but does not exceed twenty gallons . . . . .	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons . . . . .	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons . . . . .	12 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable except, under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed shall be constructed of masonry or other unflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be three feet.

A combination of these methods is permissible.

10. All ventilating openings in the storage shed shall be protected by strong wire gauze.

11. No light except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the storage shed :—

Quantity to be stored.	Distances to be kept clear.
Not exceeding 500 gallons	20 feet.
From 500 to 1,000 "	25 "
" 1,000 to 5,000 "	30 "
" 5,000 to 15,000 "	40 "
" 15,000 to 25,000 "	50 "
" 25,000 to 35,000 "	60 "
" 35,000 to 50,000 "	70 "
" 50,000 and over	100 "

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances that in the opinion of the Chief Inspector of Explosives warrant the reduction.

16. Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of conditions 8, 9 and 15 shall not apply, but the licensee shall observe the following conditions :—

(i) The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable material, provided however that the doors and windows may be of wood.

(ii) Where a storage shed forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling house or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police authorized by the Local Government.

## FORM C.

(Rule 4 of Chapter IV of Part II.)

License to possess dangerous petroleum in quantity not exceeding forty gallons.

No.

Fee, Rs.

License is hereby granted to \_\_\_\_\_ for the storage, in the storage shed described below, of \_\_\_\_\_ gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. \_\_\_\_\_, dated \_\_\_\_\_, and to the further conditions on the back of this license.

District Magistrate or authority

## CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than ten gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch; provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal:—

	Not less than
(1) When the capacity does not exceed two gallons . . . . .	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons . . . . .	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons . . . . .	20 B. W. G.
(4) When the capacity exceeds eight gallons . . . . .	16 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. Receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable material; provided, however, that the doors and windows may be of wood.

9. All ventilating openings in the storage shed shall be protected by strong wire gauze.

10. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

11. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

12. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act.

13. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

14. Where a storage shed forms a part of or is attached to another building, and where the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

15. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorized by the Local Government in this behalf.

#### FORM D.

(Rule 7 of Chapter IV of Part II.)

#### CONDITIONS OF LICENSE.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The inclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Settling or measuring tanks\* may be situated within the wall or excavation but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. In the case of all storage sheds within the installation, either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

3. The height of any storage tank shall not be more than three-fifths of its diameter.

4. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, or between a storage tank and a storage shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage sheds, as the case may be.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or shed and any protected work.

6. The distances specified in conditions 4 and 5 may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided, or other special precautions taken or where there are special circumstances that, in the opinion of the Chief Inspector of Explosives, warrant the reduction.

7. No fire or lights other than those necessary for soldering purposes, shall be permitted within the installation except in the office, living quarters, engine room, boiler house and smithy.

#### FORM E.

(Rule 8 of Chapter IV of Part II.)

License to possess petroleum, not being dangerous petroleum, in a minor installation.

No.

Fee, R

License is hereby granted to  
in the place described below, of

for the storage  
gallons of petroleum, not being

\* These tanks shall not have a greater capacity than 30,000 gallons.

dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

The

(Description of the place referred to.)

Endorsement on Form E.

#### CONDITIONS OF LICENSE.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be measuring from the ground level—

(a) for horizontal tanks, not less than one-third the height of the tank;

(b) for perpendicular tanks, not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between protected works not forming part of the installation and the enclosure walls or embankments :—

Where the number of gallons stored is—	Distance to be kept clear.
5,000 and under . . . . .	Not less than 15 feet.
Over 5,000 and up to 20,000 . . . . .	Ditto 20 "
Over 20,000 and up to 50,000 . . . . .	Ditto 30 "

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances which in the opinion of the Chief Inspector of Explosives warrant the reduction.

5. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

6. No fire or light, except those necessary in the soldering room and watchman's house shall be permitted.

7. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

(a) each tank shall separately be enclosed in the manner prescribed in condition 1, or

(b) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of, all the oil that may be stored at any one time within such walls or embankments.

8. In the case of all storage sheds within an installation, which is not surrounded by a masonry wall or embankment as provided in clause (b) of the condition 7, either the doorways and other openings of the building shall be built up to a height of two feet above the level of the ground outside it, or the floor sunk to a depth of two feet below the level of the ground, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both, not less than two feet high when the quantity of petroleum stored exceeds 10,000 gallons the height of depth shall be three feet.

A combination of these methods is permissible.

## FORM F.

(Rule 9 of Chapter IV of Part II.)

Special license to possess and transport dangerous petroleum for owners of motor-vehicles.

No.

Free of charge.

License is hereby granted to owner (or hirer) of a motor-vehicle (or vehicles) for the possession of gallons of dangerous petroleum for use therein at\* and for its transport on the said motor-vehicle (or vehicles) for the purpose of use therein, subject to the rules for the possession and transport of dangerous petroleum published in Notification No. , dated , and to the conditions at the back of this license.

When the quantity exceeds 40 gallon.

## Endorsement on Form F.

## CONDITIONS OF THE LICENSE.

1. The dangerous petroleum shall not be kept, used or transported except in gas-tight tinned or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 4 gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron, or steel, and have the following thickness of metal :—

(1) When the capacity does not exceed 2 gallons	Not less than 27 B. W. G.
(2) When the capacity exceeds 2 gallons	22 B. W. G.

2. The drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

3. Every such vessel, not forming part of a motor-vehicle, when used for transporting or keeping dangerous petroleum, shall bear the words "Dangerous Petroleum—Highly Inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel, that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable materials, provided, however, that the doors and windows may be of wood.

7. Where a storage shed forms part of, or is attached to, another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the storage shed, and no portion of such storage shed shall be used as a dwelling, or as a place where persons assemble. A storage shed shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one storage shed whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorized persons

\* Situation and description of storage shed above referred to.

having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act, whatever, which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

14. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorized by the Local Government in this behalf.

## CONDITIONS OF PASS.

I.—For dangerous petroleum in the case of the holder of a license in Form H.

1. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than 40 gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal:

	Not less than
(1) When the capacity does not exceed two gallons . . . . .	27 B. W. G.
(2) When the capacity exceeds two but does not exceed four gallons . . . . .	22 B. W. G.
(3) When the capacity exceeds four but does not exceed eight gallons . . . . .	20 B. W. G.
(4) When the capacity exceeds eight but does not exceed twenty gallons . . . . .	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons . . . . .	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons . . . . .	12 B. W. G.

2. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

3. The receptacles must be so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

4. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

II.—For dangerous petroleum in the case of the holder of a license in Form L.

1. The quantity of dangerous petroleum to be transported under this pass shall not exceed 60 gallons.

2. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel, or lead plate receptacles containing each not more than four gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel and have the following thickness of metal:

	Not less than
(1) When the capacity does not exceed 2 gallons . . . . .	27 B. W. G.
(2) When the capacity exceeds 2 gallons . . . . .	22 B. W. G.

3. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

4. The receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

5. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

### III.—For petroleum other than dangerous petroleum.

The petroleum, if not in bulk, shall be packed in air-tight tins or drums of steel or iron, or other receptacles not easily broken, or in tank-carts of a pattern approved by the Local Government in this behalf, or in bottles securely stoppered and carefully packed so as to avoid risk of breakage.

### THE HONOURABLE THE RESIDENT IN MYSORE.

#### NOTIFICATIONS.

Bangalore, the 8th July 1909.

**No. 50.**—Whereas by the Notification of the Government of India in the Foreign Department, No. 2252-I., dated the 7th August 1883, the Indian Christian Marriage Act, 1872, was with certain modifications declared to apply to the Civil and Military Station of Bangalore, so far as regards marriages between persons, one of whom is a Native Christian subject of Mysore, and neither of whom is a Christian British subject.

In exercise of the powers conferred by sections 6 and 9 respectively of the Act, the Hon'ble the Resident in Mysore is pleased—

- (a) to grant a license to the Reverend A. C. David, Indian Minister, to solemnise marriages within the territories included in the Civil and Military Station of Bangalore; and
- (b) to grant a license to the said Reverend A. C. David, Indian Minister, authorizing him to grant certificates of marriage within the territories included in the Civil and Military Station of Bangalore between Native Christians, one of whom is a Native Christian subject of Mysore, and neither of whom is a Christian subject of His Majesty.

**No. 51.**—In exercise of the powers conferred by sections 6 and 9 respectively of the Indian Christian Marriage Act, 1872 (XV of 1872, as modified by Act II of 1891) and which have been delegated to him by the Governor-General in Council under section 86 of the Act by Foreign Department Notification No. 3747-I. B., dated the 1st October 1897, the Hon'ble the Resident in Mysore is pleased:—

- (a) to grant a license to the Reverend A. C. David, Indian Minister, to solemnise marriages within the territories of Mysore including the Civil and Military Station of Bangalore; and
- (b) to grant a license to the said Reverend A. C. David, Indian Minister, authorizing him to grant certificates of marriage between Native Christians within the said territories.

The powers hereby conferred are to be exercised only so far as regards Christian subjects of His Majesty.

By order,

T. COPELAND,

First Assistant Resident.

**No. 410.**—The following rules regarding the new Provincial and the Upper Subordinate Services of the Survey of India are published for general information :—

Rules for the constitution of the new Provincial Service of the Survey of India.

The Provincial Service of the Survey of India is open only to persons who are natives of India as defined in the Statute 33 Vict., Cap. 3, Section 6.

2. There will be four methods of admission to the Service :—

- (1) by competitive examination of candidates nominated by the Surveyor General (rules 3-6);
- (2) by direct appointment of persons possessing certain educational qualifications (rules 7-8);
- (3) by promotion from the Upper Subordinate Service (rule 10);
- (4) by transfer from the existing service (rules 12-13).

3. The Surveyor General will, about the beginning of April in each year, publish a notice specifying the number of vacancies offered for competition.

4. Only candidates who have been nominated by the Surveyor General will be permitted to appear at a competitive examination for admission to the Service. For the present no candidate will be nominated for the competitive examination, who does not possess the qualifications required for admission to the entrance examination of the Thomason Civil Engineering College or equivalent qualifications in Provinces other than the United Provinces or the Punjab. Persons desirous of appearing at the competitive examination must apply to the Surveyor General, Calcutta, when a form of application will be supplied. On receipt of the form duly filled in and after such further enquiries and examination as he may consider necessary, the Surveyor General will, if he thinks the applicant suitable for service in the Survey of India, give him a nomination which will entitle him to appear at a competitive examination to be held under the following rule.

5. The Surveyor General may arrange to have the competitive examination conducted by the authorities of such College or Colleges as he may select, or special examination of nominated candidates may be held by the Survey Department. If only one examination is held in a year, those candidates who obtain the greatest number of marks will be appointed in order of passing up to the number of probationary appointments offered for competition. If more than one examination is held in the same year, the Surveyor General will allot the number of appointments to be given at each examination, and the candidates who stand highest on the list of passed candidates at each examination will be selected up to the number of vacancies allotted to the examination for which they appear.

6. Candidates selected after examination under the foregoing rules will be on probation for three years, and will receive salary at the rate of Rs 100 per mensem for the first year, Rs 125 per mensem for the second year, and Rs 150 per mensem for the third year.

7. The Surveyor General may, subject to the approval of the Government of India, appoint on probation a candidate who has graduated, taking mathematics as a subject for his degree, or who has passed as a Bachelor of Engineering or possesses the Roorkee Engineering College certificate or other equivalent qualification. Such a candidate must be under 24 years of age.

8. Candidates appointed under rule 7 will be on probation for two years and will receive a salary of R100 per mensem for the first year, and R150 per mensem for the second year.

9. A candidate appointed on probation may be discharged by the Surveyor General at any time during the period of probation, and no probationer will be permanently appointed to the Provincial Service until he has completed his period of probation and has satisfied the Surveyor General that he is duly qualified and that his health is good. The term of probation may be prolonged by the Surveyor General to the extent of any period or periods of leave passed on medical certificate. Probationary service, if followed by a permanent appointment, will count for leave and pension.

10. The Surveyor General may, subject to the approval of the Government of India, promote specially deserving officers from the Upper Subordinate Service to the Provincial Service; ordinarily no such promotion will be given to any officer after he has attained the age of 40 years.

11. On being permanently appointed to the new Provincial Service after completion of the periods of probation prescribed in rules 6 and 8, or on promotion from the Upper Subordinate Service under rule 10, an officer will be designated Extra Assistant Superintendent and will receive pay at the rate of R250 per mensem rising by triennial increments of R50 to R600, subject to the condition that the Surveyor General shall have power to stop any increment for unsatisfactory work or conduct. The service will also include a number of posts of Extra Deputy Superintendents, promotion to which will ordinarily be made by selection from among the Extra Assistant Superintendents on R600. The Government of India however reserve the right to select any Extra Assistant Superintendent for promotion to the rank of Extra Deputy Superintendent.

At present the following posts of Extra Deputy Superintendents have been sanctioned :—

R	
4 posts on	650 per mensem.
2 " on	700 " "
2 " on	800 " "
2 " on	1,000 " "

12. Members of the existing Provincial Service appointed after 1st May 1905 may at the discretion of the Surveyor General be transferred, subject to such tests (if any) as the Surveyor General may prescribe, to the new Provincial Service and on such transfer will receive their present rates of pay (including such increments as they may earn under the existing scheme) until they have completed three years from the date of their present appointment to the existing service, and thereafter will receive pay at the rate of R250 subject to the increase provided by rule 11 above.

13. The Government of India may at any time transfer any member of the old Provincial Service to the new Provincial Service under such conditions as they think fit.

#### Rules for the constitution of the Upper Subordinate Service.

1. On being permanently appointed to the Upper Subordinate Service, an officer will be designated Sub-Assistant Superintendent and will receive pay at the rate of R80 per mensem, and his pay will rise by triennial increments of R15 to R200; but the Surveyor General may at any time stop an increment in the case of an officer whose work or conduct is unsatisfactory. The service will also include eventually nine posts on R250.

2. All appointments to the Upper Subordinate Service are made by direct nomination by the Surveyor General, there being no competitive examination.

3. The Surveyor General may make appointments to this Service—

(a) by promotion from the Lower Subordinate Service of Surveyors who have rendered specially good service and are qualified for the practical duties they will be called upon to perform;

(b) by selection from among candidates who possess the qualifications required for admission to the Entrance Examination of the Thomason Civil Engineering College or other equivalent qualification.

4. Lower subordinates selected for promotion under rule 3 (a) will start on the nearest time-scale rate in the Upper Subordinate Service, provided that they shall in no case lose pay by promotion. Thus a lower subordinate drawing not more than R80 will start on R80 on promotion to the Upper Subordinate Service. A lower subordinate drawing more than R80 and not more than R95 will start on R95 on promotion to the Upper Subordinate Service. A lower subordinate drawing more than R95 will start on R110 on promotion to the Upper Subordinate Service.

5. Candidates selected under rule 3 (b) will be appointed on probation for two years with a salary of R50 per mensem, and will not be permanently appointed to the Upper

Subordinate Service until they have completed their period of probation and satisfied the Surveyor General that they are duly qualified. The term of probation may be prolonged by the Surveyor General to the extent of any period or periods of leave passed by the probationer on medical certificate. Probationary service under this rule if followed by a permanent appointment will count for leave and pension.

The 14th July 1909.

No. 411.—M. R. Ry. M. S. Ganesa Aiyar Avergal, Probationary Sub-Assistant Superintendent, 3rd grade, is confirmed in the Department, with effect from 1st July 1909.

F. B. LONGE, Colonel, R.E.,  
Surveyor General of India.

Dated 3rd July 1909.

## THE GOVERNMENT OF BENGAL.—REVENUE DEPARTMENT.

## LAND ACQUISITION BRANCH.

Calcutta, the 14th July 1909.

MEMORANDUM OF AGREEMENT made the 8th day of July one thousand nine hundred and nine between the Tata Iron and Steel Company Limited a Company incorporated under the Indian Companies Act 1882 and having its Registered Office at Bombay (hereinafter called "the Company") of the one part and the Secretary of State for India in Council (hereinafter called the "Secretary of State") of the other part. WHEREAS the Company has applied to the Local Government for the acquisition of the land described in the Schedule hereto and delineated on the map hereunto annexed for the construction of the works of the Company and other works in connection with the Company's undertaking or business a portion of the said land being intended to be utilized as the site of its works proper and the remainder for other works and purposes in connection with the undertaking of the Company: AND WHEREAS the Local Government being satisfied by an enquiry held under its order that the said acquisition is needed for the construction of the said works and that such works are likely to prove useful to the public has consented to the said acquisition pursuant to the provisions of the Land Acquisition Act 1894 (hereinafter referred to as "the said Act") on condition of the Company entering into such agreement as is hereinafter contained. Now these presents witness and it is hereby agreed and declared as follows:—

1. The Company shall and will provide for pay and reimburse to Government in manner hereinafter mentioned the entire cost of acquiring the said land pursuant to the provisions of the said Act including all compensation damages costs charges and expenses whatsoever which have been or may be paid or incurred in respect or on account of such acquisition and all law costs and other expenses which have been or may be incurred by the Government upon or in respect of or incidental to the said acquisition or any litigation arising thereout either in the original or appellate courts and including the cost of the establishment and salary of the officer or officers of Government to be employed by Government in connection with or for the purpose of such acquisition. The moneys which shall become payable by the Company as aforesaid shall be paid by the Company by the initial deposit with the Collector of the sum of Rupees twenty-five thousand within three days after publication of the notice of intended acquisition under section 9 of the said Act and by payment to the Collector of monthly instalments of not less than Rupees ten thousand until the whole of the said moneys shall have been paid but in the event of the acquisition not having been completed before such instalments shall have amounted to the sum estimated by the Collector to be required the said instalments shall cease unless and until it shall be found that any further sum or sums is or are required in which case such further sum or sums shall be paid by the Company to the Collector on demand. In these presents the term "Collector" shall include the persons included in such term by the said Act.

2. As and when any award as to any portion of the said land is made by the Collector such portion shall be transferred to the Company in manner hereinafter mentioned so soon thereafter as conveniently may be provided that the moneys then in the hands of the Collector and paid by the Company as hereinbefore provided shall be sufficient to defray the compensation awarded in respect thereof and all costs and expenses in connection therewith. PROVIDED ALSO that the Company may at any time pay any further or additional sum beyond the instalment then due or about to become due to enable such compensation to be paid and such transfer to be made.

3. The said land shall be transferred by the Secretary of State so as to vest absolutely in the Company subject to the conditions contained in clauses 4 to 9 hereof.

4. The Company shall carry on upon the said land the business or some of the businesses comprised in the objects for which the Company has been established as declared in its Memorandum of Association and in particular shall erect on some part of the said land suitable works for the conversion or manufacture of steel iron or ferro-manganese within five years after possession of the said land shall be delivered to the Company or within such further time as the Local Government shall allow and shall expend in the erection of such works not less than the sum of twelve lakhs of rupees.

5. The Company shall at all times during the said period of five years or any such extension thereof as aforesaid permit the Local Government or any officers deputed by that Government in that behalf to inspect all works of the Company upon the said land whether in course of construction or otherwise and shall furnish to the Local Government from time to time on demand correct statements of the moneys expended by the Company in the construction of works of the Company upon the said land.

6. In case the Company shall not erect upon the said land the works referred to in clause 4 hereof within the period therein mentioned and expend thereon the sum of twelve lakhs of rupees at the least then it shall be lawful for the Local Government at any time within six calendar months after the expiry of the said period to enter upon and take possession of the said land or any part thereof in the name of the whole and thereupon the whole of the said land shall *ipso facto* vest in the Secretary of State upon the following terms:—

(1) The Secretary of State shall forthwith pay to the Company a sum equal to the amount of the compensation awarded under the said Act and paid by the Company in respect of the said land upon the acquisition thereof including the amount awarded under section 23 (2) of the said Act.

(2) The Company shall be at liberty at any time or times within twelve calendar months after the said land shall have so vested in the Secretary of State or within such further period as the Local Government shall consider reasonable and shall prescribe to enter upon the said land and pull down remove and carry away all or any buildings works and other property belonging to the Company and standing or being upon the said land. Any property of the Company which may remain upon the said land after the expiry of the said period may be sold by the Local Government either by public auction or otherwise as the Local Government shall think fit and the proceeds of sale after deduction of the expenses of and incidental to the sale shall be paid by the Local Government to the Company.

7. If at any time or times any part or parts of the said land not directly utilized for the purposes of the manufactory of the Company shall be necessary to be possessed by Government for purposes of revenue administration or for purposes connected with public health safety or necessity (of which matters the Local Government shall be the sole judge) the Company shall on being thereunto required by the Local Government transfer to the Secretary of State such part or parts of the said land as the Local Government shall specify to be necessary for the purposes aforesaid and in consideration of such transfer the Secretary of State shall pay to the Company a sum equal to the amount of the compensation awarded under the said Act and paid by the Company in respect of the land the subject of the transfer upon the acquisition thereof for the Company including the amount awarded in respect thereof under section 23 (2) of the said Act.

8. The Company may at any time sell or assign its right and interest in such part or parts of the said land as shall no longer be required by the Company for the purposes of its business provided the Company shall have first offered the same to the Local Government at a price not exceeding the lowest amount which the Company shall be willing to accept from third parties and such offer shall have been declined by the Local Government.

9. A public right of way for all purposes shall be recognised by the Company over the said land along—

- (a) the Company's roadway in course of construction from Kalimati Railway station limits to the village of Beldih on the west side of the said land;
- (b) the existing cart track from Kalimati Railway station to Kalimati village; and
- (c) the existing cart track from Sankchi village through Mohulbera to Kalimati village.

The Company shall not obstruct or permit the obstruction of the nullah in Sankchi village under which pipes are intended to be laid by the Company to reach the river Subarnarekha. The Company will recognise any local custom entitling tenants of Sankchi and Mohulbera villages to take wood for fuel or for agricultural purposes from any lands of the Company adjacent to the said villages.

As WITNESS the common seal of the Company and the hand of Chief Secretary to the Government of Bengal (Revenue Department) for and on behalf of the Lieutenant-

Governor of Bengal acting in the premises for and on behalf of the Secretary of State for India in Council the day and year first above written.

*The Schedule above referred to.*

All those the following pieces of land situate in the villages of Beldih, Sankchi, Susnigaria and Jogselai in pargana Dhalbhum, zilla Singhbhum (namely)—

*First.*—A piece of land measuring, more or less, 10,782 bighas 19 cottahs and 5 chitaks of standard measurement, equivalent to 3,564.63 acres, bounded on the—

*North*—By a line drawn from a point on the north-west corner of the village site of Sankchi, about one quarter of a mile from the river Subarnarekha, and thence to the south-west corner of the village site of Sankchi, and thence to the south-east corner of the said village site, and thence to the south-west corner of the village site of tola Kasidih of village Sankchi, and thence to a point south-west of the village site of tola Mohulbera of village Sankchi and thence the line goes straight eastwards and meets the common boundary of villages Sankchi and Golmundi.

*East*—By villages Golmundi and Kalimati.

*South*—By Bengal-Nagpur Railway land.

*West*—By river Kharkai from the Railway line to the eastern boundary of village Khuntadih, and thence along the common boundary of villages Jogselai and Khuntadih up to the trijunction point of villages Khuntadih, Beldih and Jogselai, and thence along the common boundary of villages Beldih and Jogselai up to the point west of the village site of Bistupur, a tola of village Jogselai, and thence to a point on the north-east corner of the village site of Beldih, and thence to a point east of the village site of Beldih, and thence by an irregular line up to the starting point.

*Second.*—A strip of land measuring about fifty feet in width and one mile in length and connecting the land first herein described with the piece of land thirdly therein described.

*Third.*—A strip of land measuring about 4.20 acres, situate partly on the bank of the river Subarnarekha and partly in the bed of the said river.

*Fourth.*—A strip of land measuring about 100 feet in width and 1,150 feet in length, comprising about 2.66 acres, adjoining the piece of land thirdly herein described on the south bank of the said river and stretching therefrom diagonally across the said river in a north-westerly direction to its opposite bank, which strip of land lies practically wholly in the bed of the said river.

The common seal of the abovenamed The Tata Iron and Steel Company, Limited, was hereto affixed in the presence of

TATA SONS & Co.,  
Agents.

SENATE HOUSE :  
The 13th July, 1909.

## CALCUTTA UNIVERSITY.

## ERRATUM.

In the list of successful candidates at the recent Intermediate Examination in Science published in the *Gazette of India*, dated the 15th May, 1909, the name of Bhaskarananda Mukhopadhyay of the Presidency College, who has passed in the 1st Division and who actually stands 13th in order of merit has been erroneously shown as occupying the 43rd place. The correct position of Bhaskarananda Mukhopadhyay in the list is therefore immediately before H. S. Suhrawardy of St. Xavier's College.

G. THIBAUT,  
Registrar.

SENATE HOUSE :  
The 15th July, 1909.
